ABOUT ME

I am a passionate student of web development and programming, who seeks real-world experience as Front-End and Full-Stack Web Developer. I am always looking for ways to improve myself, a fast learner, and a dedicated person in my projects and in my learning.

PORTFOLIO

Github Repository

[GitHub](#)

- This repository includes the projects I've made while learning Web Development and applying my knowledge. Example projects are below.

E-Commerce App Javascript, HTML, CSS, JSON

[GitHub](#)

- Created a E-Commerce UI for the long term Internship Program at Segmentify.
- Retrieved data dynamically from a JSON file.
- Implemented full responsivity for mobile devices and tablets.
- Includes Lazy-Loading Images, Toast Notifications.
- Utilized the Fetch API for the App using Async-Await function.

Wordle Clone Javascript, HTML, CSS

[GitHub](#)

- Created a Wordle Clone using Javascript.
- Retrieved data from official Wordle Dictionary and Target Words.
- Includes both user keyboard and screen keyboard as input type.

EXTRA-CURRICULAR ACTIVITIES

- Music Competitions and Concerts.

EDUCATION

BS in Materials Science and Technologies, Turkish-German University

2020 - Present

High School Diploma, Nisantasi Anatolian High School

2014-2018
